

## Recycle Your Bike

Here's some suggestions if you have an old unused bike sitting there that you haven't used in awhile. Instead of putting this stuff in the garbage, consider recycling it, or DONATING it.

**St John Lutheran Church in Wheaton** can use your donated bike for the Annual **Christmas Sharing Event** which helps hundreds of families with every day donated necessities. Please visit [www.christmas-sharing.org](http://www.christmas-sharing.org) Churches involved are: Aldersgate United Methodist, First Presbyterian, Gary Memorial United Methodist, Holy Cross Lutheran, St. John Lutheran, and Trinity Episcopal of Wheaton and Blanchard Alliance, Community Baptist, Immanuel Presbyterian, St. Irene Roman Catholic, and Trinity Lutheran of Warrenville. **Bikes must be in good working order.** If interested Contact **ST. John Lutheran Church** at **630-668-6701**

If your bike is a "**Less than perfect bike**" and if you think it really belongs in the landfill, please think again. There is an organization **located in Chicago** called **The Working Bikes Cooperative**. This organization does some really marvelous things with these old clunkers, and manages to provide working bikes all over the world. To learn more about them visit their website [www.workingbikes.org](http://www.workingbikes.org) or phone them at **773-847-5441**.
